Subject: VP/HR - Disorder in Burundi

Recruitment of young people to militias, distribution of weapons, creation of files on suspects and acts of intimidation by the government are all taking place in Burundi. Moreover President Nkurunziza has prohibited public demonstrations, threatening to use the army to restore order.

1. What is the VP/HR doing to prevent renewed violence in Burundi?
2. Will the VP/HR call for the Arusha Accords to be implemented, which would force him to retire after his second mandate?
