Subject: VP/HR - Closing down of Dabaab refugee camp in Kenya

The Vice-President of Kenya, William Ruto, has ordered the UNCHR to relocate the refugees at the Dadaab refugee camp within three months and to close camp for 'security reasons'. In replying, the UNCHR has stated that this would clearly be a violation of the 1951 Convention on Refugees, which Kenya has ratified.

Will the VR/HP voice its objection to the decision of the Kenyan Government and suggest that it instead facilitates the integration of the Dadaab camp refugees into society?
