Subject: Number of Black, Asian and Minority Ethnic managers in the European Centre for Disease Prevention and Control

The Commission quite rightly talks about the efforts to achieve targets for the number of women employed in managerial and senior positions within its organisation over the next few years.

On this note, what number and percentage of Black, Asian and Minority Ethnic employees are in managerial roles at the European Centre for Disease Prevention and Control?

What targets does the European Centre for Disease Prevention and Control have for the number of Black, Asian and Minority Ethnic employees in managerial roles over the next few years?
