

**Question for written answer E-007912/2015
to the Commission**

Rule 130

José Blanco López (S&D)

Subject: Energy Directives

At the beginning of the year, the Commission responded to this Parliament that it was conducting assessments of compliance with the Directives of the third energy package (particularly Directive 2009/73/EC), in order to ensure their full transposition by Member States.

Five months on, I would like to know whether the Commission is now able to reveal the results of its assessment, specifically as regards Spain.
