

**Question for written answer E-008021/2015
to the Commission**
Rule 130
Hugues Bayet (S&D)

Subject: Access for disabled people to higher education

The available data seems to suggest that in the EU far fewer disabled people enter higher education than their non-disabled counterparts.

What action is the Commission taking or envisaging to ensure a significant increase in the number of disabled people in higher education?
