

**Question for written answer E-008044/2015
to the Commission**

Rule 130

Javier Couso Permuy (GUE/NGL) and Pablo Iglesias (GUE/NGL)

Subject: Relations with Rwanda

Established in the interests of EU relations with Rwanda, the Economic Development and Poverty Reduction Strategy (EDPRS) for the period 2008-2013 included the key targets of guaranteeing social services and extending the educational and healthcare systems.

Have the targets set out in the EDPRS been reached?

Have new strategies been developed and new funds put aside for Rwanda?

Does the Commission think that those funds should be conditional on the fulfilment of the national unity and reconciliation programmes?
