

**Question for written answer E-008686/2015
to the Commission**
Rule 130
Monica Macovei (PPE)

Subject: The management of structural funds

The management of structural funds lacks consistency and coherence. There are at least 50 cases where we do not know what money applies to what region.

1. How does the Commission intend to remedy this situation?
2. How is the Commission helping Member States improve the way they manage structural funds?
