

Question for written answer E-008794/2015
to the Commission
Rule 130
Roberta Metsola (PPE)

Subject: EU Pilot national contact point updates

The Commission issued two Evaluation Reports on the EU Pilot programme (COM(2010)0070 and COM(2011)0930), following which the evaluation of EU Pilot was included in the annual reports on monitoring the application of EU law. The two initial evaluation reports from 2010 and 2011 were accompanied by Commission staff working papers outlining the EU Pilot central contact points in each Member State. However, after the inclusion of the EU Pilot evaluation in the annual monitoring reports, no updates were published on these national central contact points.

Does the Commission have any intention to publish a staff working paper with an updated list of the EU Pilot central contact points in each Member State?
