Subject: New approach to bankruptcies and company insolvencies

At the plenary session of the European Parliament of 19 May 2015 I spoke about the Commission recommendation of 12 March 2014.

I unequivocally supported the proposed new approach to bankruptcies and company insolvencies as regards family insolvencies and providing another opportunity to individuals and households.

I ask the Commission what steps are being taken towards the implementation of this policy in order to indeed offer a so-called 'second chance' to individuals and households?
