Subject: Tobacco Agreement

At the plenary session of the European Parliament of 18 May 2015 I spoke on the point of the agenda relating to the Tobacco Agreement.

Since during the debate I suggested that other, smaller tobacco and cigarette manufacturers should also join negotiations on the agreement, I ask the Commission if it has undertaken something in that direction?

Does the Commission consider that the number of manufacturers joining the agreement should be increased, especially since some are major national or regional producers of tobacco and cigarettes?
