Subject: Question No 2 on call for proposals VP/2015/008

Article 22 of Regulation (EU) No 1296/2013 ('EaSI') states that when 'activities under the EURES axis are financed following a call for proposals, they may receive Union co-financing which shall not exceed, as a general rule, 95 % of the total eligible expenditure. Any financial support in excess of this ceiling shall only be granted in duly justified exceptional circumstances'. Call for proposals VP/2015/008 states that Commission co-financing will not exceed 90% of the total eligible expenditure, however.

How does the Commission justify the reduction in co-financing provided for in this call for proposals?
