

Question for written answer E-009110/2015
to the Commission
Rule 130
Sorin Moisă (S&D)

Subject: ENTSOG empowerment

In the context of the new Energy Union plans, to what degree is mandating ENTSOG to integrate the storages and the liquid natural gas terminals into the transmission network to at least ensure optimal flexibility and reliability in case of disruption, in line with the Commission's plan to upgrade this entity's role?
