

**Question for written answer E-009111/2015**  
**to the Commission**  
Rule 130  
**Sorin Moisă (S&D)**

Subject:     ENTSO-E empowerment

In the context of the new Energy Union plans, to what degree is mandating ENTSO-E to coordinate the electricity flows throughout the EU in real time or to regionally implement coordinated system adequacy assessments in line with the Commission's plan to upgrade this entity's role?
