Subject: VP/HR - Agreement between Yemeni forces

As a result of the conference held in Riyadh in May 2015, and thanks to the efforts of the United Nations Special Envoy for Yemen, Ismail Ould Cheikh, the main Yemeni parties have committed to attending the peace conference in Geneva on 14 June.

The objective of this conference, to be held by the United Nations, is to establish the bases for a peaceful resolution between the various parties affected by the conflict, which has caused hundreds of deaths in the country over recent months.

What role should the European Union play in this process?

What specific measures will the High Representative promote to guarantee the sovereignty of Yemen in view of the expansionist aspirations of Saudi Arabia?
