to the Commission**

Rule 130

Tania González Peñas (GUE/NGL) and Pablo Iglesias (GUE/NGL)

Subject: Spanish Carbon Plan 2013-2018

On 1 October 2013 an agreement was signed between the Ministry for Industry, the trade unions and the Spanish carbon sector employers' association for the period 2013–2018.

According to reports published on 27 June 2015, the Commission has asked the Spanish Government to amend this agreement.

What was the wording of this communication? What aspects of the plan does the Commission consider to be unacceptable and, by extension, what parameters does it consider to be viable for the sector?
