to the Commission**
Rule 130
Siôn Simon (S&D)

Subject: Ebola in Guinea and Sierra Leone

In recent weeks it has been revealed that Liberia has been declared free from Ebola according to the medical charity Médecins Sans Frontières.

Sadly, Ebola still continues to spread in the neighbouring countries of Guinea and Sierra Leone.

How is the Commission looking to prevent the further spread of Ebola in Guinea and Sierra Leone?

What lessons have the Commission and the international community learnt from Liberia to help countries that continue to be affected?
