

**Question for written answer E-010964/2015
to the Commission**

Rule 130

Gabriel Mato (PPE) and Carlos Iturgaiz (PPE)

Subject: Decrease in the error rate in rural development spending

The European Court of Auditors has published a report on errors in rural development spending, which amounted to EUR 150 000 million between 2007 and 2013, with an average error percentage of 8.2 %, according to the report.

What measures is the Commission adopting to work with Member States so as to reduce this error rate in the new budgetary period?
