

**Question for written answer E-010972/2015
to the Commission**

Rule 130

José Blanco López (S&D) and Javi López (S&D)

Subject: European funding for Barcelona

As one of the main recipients of the Structural Funds and the Cohesion Fund, since it joined the European Union, Spain has benefitted from Community solidarity.

As a continuation of my question E-005993/14, can the Commission provide a breakdown, by multiyear funding period, of the corresponding amount of European funding received by Barcelona since Spain joined the EU in 1986?

Furthermore, can it provide an estimate of the amounts that city will receive by way of European solidarity during the next 2014-2020 programming period?

What projects have been and what projects will be funded or co-funded by the EU?
