to the Commission**

Rule 130

Doru-Claudian Frunzuliță (S&D)

Subject: Copyright rights for orphan work

In the light of the infringement procedure that was started on 27 May 2015 against Romania and five other Member States for not having fully or correctly transposed Directive 2012/28/EU, referring to copyright right rules for orphan work, and taking into consideration that the deadline was set to expire within two months from that date – July 2015, I ask the Commission what is the current situation on these cases and what are the next steps envisaged?
