

**Question for written answer E-012066/2015
to the Commission**
Rule 130
Richard Sulík (ECR)

Subject: Statistics on health and safety at work in microenterprises

Does the Commission have statistics showing what proportion of all occupational injuries and illnesses occur in microenterprises that carry out low-risk work only and the total cost of treating these illnesses or injuries? If so, will it make these figures public?
