

Question for written answer E-012081/2015
to the Commission
Rule 130
Notis Marias (ECR)

Subject: Non-compliance with the principle of equal treatment for EU citizens in connection with the recruitment of secondary school supply teachers funded under the NSRF

Under Article 20 TFEU, citizens of the Union, that is to say every person holding the nationality of a Member State, shall enjoy the rights and be subject to the duties provided for in the Treaties.

This academic year, NSRF funding will be provided by the EU for the recruitment of secondary school supply teachers by the Greek Education Ministry.

Applicants will be recruited in accordance with a points system set out in Education Ministry Circular No 119392/E2 of 24 July 2015.

The circular indicates that, in awarding points, account will be taken of prior experience acquired from 2012 onwards but not, however, experience acquired over the period 2010-2012.

This effectively infringes the statutory principle of equal treatment of EU citizens, discriminating against EU supply teachers with experience acquired over the period 2010-2012.

In view of this:

What steps will the Commission take to ensure equal treatment for EU citizens by the Greek authorities in the recruitment of supply teachers funded by the EU under the NSRF?
