

Question for written answer E-012501/2015
to the Commission
Rule 130
Ricardo Serrão Santos (S&D)

Subject: Payments for milk production in Europe

According to the Commission figures on national options (not counting Croatia) for implementing the new CAP, 19 Member States are granting payments to aid dairy farming.

Can the Commission say whether recipients of dairy farming aid in those countries are also receiving other first-pillar area-related payments?

If that is the case, what is the average value of those payments per recipient in each of the countries concerned?
