Subject: Efforts by the European Research Council Executive Agency to be more representative of European citizens

In response to written questions E-008102/14, E-007850/14 and E-007851/14, the Commission stated that it 'strives to be representative of the increasingly diverse European citizens it serves'.

Could the Commission provide at least 10 examples of policies and practices adopted by the European Research Council Executive which aim to be 'representative of the increasingly diverse' population?
