Subject: CEF call for proposals - Galicia

26 February 2015 was the deadline for the call for transport projects for the Connecting Europe Facility, a procedure which has been allocated EUR 11.9 billion to fund projects to improve 'core corridors' in the trans-European transport network

Upon reviewing the proposed list of projects published by the Commission in July 2015, I noticed that several of Spain's regional governments were listed as applicants for funds for various projects, but not the Xunta (government) of Galicia.

Can the Commission say whether the Xunta of Galicia applied for financing for any projects in this call for proposals?

If so, can it state which projects and whether they have received funding?
