Subject: Proposal for a directive of the European Parliament and of the Council on the accessibility of public sector bodies' website

In the Council 18 month programme (1 July 2014 - 31 December 2015), it is stated that the three presidencies will work to ensure the adoption of the Web Accessibility Directive.

Taking into consideration the Council Progress report on the proposal for a directive of the European Parliament and of the Council on the accessibility of public sector bodies' website published on 20 May 2015 which outlines the main elements of the presidency compromise could the current Luxembourg Presidency outline the next steps it intends to take with this file before its presidency ends?

Could the Council also outline its plans with regard to the directive during the three presidencies as of January 2016 including the timeframe of possible steps?
