Subject: Privatisation of railways in Croatia

Croatian Railways must be prepared for the creation of a common European rail services market as part of the forthcoming 4th Railway Package.

In light of the foregoing:

2. What conditions has the Commission set vis-à-vis 'HŽ-Cargo' for the conduct of its privatisation process?
3. What is the Commission's position with regard to the possible privatisation of 'HŽ-Putnički prijevoz'?
