Rule 130
Edward Czesak (ECR)

Subject: Application of the Postal Services Directive

In view of the work carried out on evaluating the functioning of the Postal Services Directive:

1. Does the Commission plan to undertake discussions on the scope of the obligation to provide universal postal services imposed by Directive 97/67/EC? We are aware that many Member States are anticipating a reduction to the minimum frequency of deliveries.
2. Does the Commission plan to take steps to improve access to parcel services as well as the quality of parcel services?
3. Is the Commission monitoring the work carried out by the Member States to implement Directive of the European Parliament and of the Council on alternative dispute resolution for consumer disputes and amending Regulation (EC) No 2006/2004 and Directive 2009/22/EC (Directive on consumer ADR)? If so, what conclusions has it reached?
