Subject: Abuse of a dominant position and activities of subsidiaries

The Commission is currently examining a complaint against the Danish group Velux for abuse of dominant position.

What action has the Commission taken or is it planning to take to investigate the allegation of predatory pricing by the Rooflite subsidiary, which over a nine-year period (from 2006 to 2014) recorded losses in eight years (every year apart from 2011), and whose objective appears to have been to achieve a complete monopoly of the market by the Velux group?
