

**Question for written answer E-003531/2016
to the Commission**
Rule 130
Dame Glenis Willmott (S&D)

Subject: Commission Delegated Regulation (EU) 2015/208 supplementing Regulation (EU) No 167/2013

I have been contacted by a constituent who is campaigning to have side bars fitted onto agricultural vehicles. Side bars provide added protection to cyclists, and make serious injuries less likely during a collision.

1. Can the Commission confirm whether there is any EU-level legislation that mentions the use of metal bars on the side of agricultural vehicles as a safety measure?
2. Can the Commission confirm which Member States will adopt Delegated Regulation 2015/208?
