Subject: VP/HR - Brazil

According to the NGO Greenpeace, the massive São Luiz do Tapajós hydroelectric dam, if constructed, would flood almost 400 km² of Amazon rainforest and destroy the livelihoods of the Munduruku indigenous people, who have lived there for centuries.

1. Is the VP/HR going to discuss the project with the Brazilian government?
2. Is the VP/HR going to discuss the possibility of an official recognition of Munduruku territory by the Brazilian government?
