

**Question for written answer E-006183/2016
to the Commission**
Rule 130
Joëlle Mélin (ENF)

Subject: CETA impact study

As announced by the Commissioner on 5 July 2016, the trade agreement between the European Union and Canada (CETA) will have to be approved by the national parliaments of the 28 Member States before it can finally be adopted. However no impact study has been published so far assessing the economic repercussions this agreement will have on the European Union.

1. What studies has the Commission conducted to assess its economic impact and why, in that case, has it not published them?
2. What impact will this agreement have on employment in Europe?
