Subject: Croatia: Better Implementation

Following on from the working party for Croatia set up to help achieve better implementation of EU programme funding for the years 2007 to 2013, the 'Croatia: Better Implementation' project team has started work with a view to bringing better management to bear on the ESI Funds.

- What are the team's main tasks, what will be its modus operandi, and who is serving on it?
- In what ways is interaction being brought about with the Croatian authorities responsible for ESI Funds, and what powers does the team have?
