

**Question for written answer E-008088/2016
to the Commission**

Rule 130

Kazimierz Michał Ujazdowski (ECR)

Subject: Legislative footprint in European Commission documents

The European Commission has presented a draft inter-institutional agreement on a Transparency Register. In the public debate, there are calls for the influence of lobbyists in reports and legislative documents to be indicated (the so-called 'legislative footprint').

Would the Commission be willing to apply this solution in its own legislative documents and to add the legislative footprint into the new agreement during its negotiations with the Parliament and the Council?
