Rule 130
Edward Czesak (ECR)

Subject: Gas pipeline investment in the Baltic Sea

The route of the proposed Nord Stream 2 investment project runs through the exclusive economic zones of Finland, Sweden, Denmark and Germany, the territorial waters of Germany and Denmark, and across German land.

1. Will the Commission require EU law to be applied in the economic zones as well? If not, why not?
2. How does the Commission intend to enforce the third energy package with respect to only part of the gas pipeline?
3. How does it intend to enforce that package in areas under the jurisdiction of the above-mentioned countries?
