

**Question for written answer E-009780/2016  
to the Commission**  
Rule 130  
**Cătălin Sorin Ivan (S&D)**

Subject: Polio

According to media sources, polio, a disease which was considered eradicated, has re-emerged.

Does the Commission have any meaningful data on the rate and prevalence of polio in the European Union?

Does the Commission intend to develop strategies regarding polio?
