

**Question for written answer E-001327/2017  
to the Commission**

Rule 130

**Roberta Metsola (PPE)**

Subject: Professional cards to combat illegal employment

Professional cards have been issued in France for employees in the construction and public works sectors in order to combat illegal employment and the fraudulent posting of workers in Europe.

Does the Commission have information on whether this kind of system also exists in other EU Member States?
