to the Commission**

Rule 130

**José Blanco López (S&D)**

Subject: Waste water treatment in Pontevedra

In its answer to my written question E-004539/16, the Commission stated that further to the judgment of the Court of Justice of the European Union of 10 March 2016 in Case C-38/15, it had asked Spain to report on the measures taken to comply with the terms of that judgment regarding all the agglomerations concerned (thus including Pontevedra-Marín-Poio-Bueu). It also stated that it had asked to be provided with a detailed execution action plan, along with a timetable, key milestones and related budgetary costs for measures yet to be taken or completed. As the Spanish authorities submitted two reports in May 2016 on all the agglomerations affected by the Court's judgment, and as the Commission is still evaluating these reports, could it give some indication of the results of its evaluation and how compliance with the Court's judgment has been followed up?
