

**Question for written answer E-002651/2017
to the Commission**

Rule 130

José Ignacio Salafranca Sánchez-Neyra (PPE)

Subject: Concept of a justified carry-over

In paragraph 23 of its report entitled 'Summary of results from the Court's annual audits of the European Agencies and other bodies for the financial year 2015' (2016/C 449/01), the Court of Auditors points out that it 'would be beneficial to elaborate an agreed upon concept of a "justified carry-over"'.

Does the Commission intend to draw up a definition of a justified carry-over, with a view to making the information collected in the specific annual reports on the agencies more accurate?
