Subject: Release of EU funds for Galicia

In its answer to my question E-006633-16 on cohesion and structural funds for the period 2007-2013, the Commission informed me that the European Regional Development Fund (ERDF) Operational Programme Galicia had not yet been closed and that the loss of funds from the European Agricultural Fund for Rural Development (EAFRD) in the period amounted to EUR 55.8 million, representing 6.3% of the total fund.

In the light of the above information, can the Commission provide the results of the ERDF Operational Programme Galicia and state what strands or programmes the funds lost from the EAFRD will now be assigned to?
