to the Commission**

Rule 130

Subject: EU funding received by Member States

As a follow-up to my question E-006632/2016, and so that I can monitor the implementation of European funding in the Member States, could the Commission report the amounts allocated and the implementation rate with regard to European funding for the current programming period in each Member States, providing details on the amounts coming from the cohesion policy (less developed regions, regions in transition, more developed regions, outermost regions, European Territorial Cooperation, the Youth Employment Initiative, the European Fund for Regional Development, the Fund for European Aid to the Most Deprived, adjustments), from the Common Agricultural Policy (direct payments, European Fund for Rural Development), from the European Maritime and Fisheries Fund and from the European Social Fund?
