to the Commission**

José Blanco López (S&D)

Subject: EU funding received by autonomous communities

As a follow-up to my question E-006631/2016, and so that I can monitor the extent to which EU funding is being implemented in my community, could the Commission disclose the amounts allocated and the implementation rate with regard to EU funding for the current programming period in the different communities and autonomous cities (on a case-by-case basis), providing details on the amounts coming from the cohesion policy (less developed regions, regions in transition, more developed regions, outermost regions, European Territorial Cooperation, the Youth Employment Initiative, the European Fund for Regional Development, the Fund for European Aid to the Most Deprived, adjustments), the Common Agricultural Policy (direct payments, the European Fund for Rural Development), the European Maritime and Fisheries Fund and the European Social Fund?
