to the Commission**

Rule 130

José Blanco López (S&D)

Subject: Technology Centre

It has recently come to our attention that an investigation have been opened into the Meat Technology Centre, which is under the authority of the Xunta de Galicia, regarding the alleged fraudulent use of funds from public subsidies. Given that this Centre has received Community funds, will the Commission say: is it aware of this investigation? Have the authorities of the autonomous region or the national authorities informed the Commission about it? Have activities co-funded by the Community been affected? Has the Commission taken any decision in this regard? And what Community funding has the Centre received under the current and the previous financial framework?
