

**Question for written answer E-005179/2017
to the Commission**

Rule 130

José Blanco López (S&D)

Subject: Trans-European network projects in Galicia

In its reply to my question E-012592/2015 the Commission stated that the Galician Government as such had not applied for 'funding under 2014 CEF – Transport calls for proposals', but it did refer to a Galician public sector undertaking, the Instituto Enerxético de Galicia, which had sought funding while operating within a consortium.

When later calls for proposals were launched for the transport sector, did the Galician Government put forward projects to receive EU funding, or were there any Galician projects submitted under those calls for proposals?
