

**Question for written answer E-005990/2017
to the Commission**

Rule 130

José Blanco López (S&D)

Subject: Infestation of 'Tecia solanivora'

In its answer to my question No E-003334/2017, the Commission said it planned to address the problem of the pest 'Tecia solanivora' during the meeting of the Standing Committee (Plant Health Section) to be held in July 2017.

Could the Commission confirm whether this matter was indeed addressed at that meeting and if so, whether any decision was taken on measures to tackle this infestation.
