

**Question for written answer E-006367/2017
to the Commission**

Rule 130

Ignazio Corrao (EFDD) and Dario Tamburrano (EFDD)

Subject: Italy - failure to meet deadline for submission of 2015 E-PRTR data, with Italy not included in updated Register

Italy failed to meet the deadline for submission of its E-PRTR data for 2015 and is not included in the updated data in the European Pollutant Release and Transfer Register¹, which provides easily accessible environmental data on emissions from industrial facilities in the EU Member States and in Iceland, Liechtenstein, Norway, Serbia and Switzerland.

This is clear from the article entitled "Releases of pollutants to the environment from Europe's industrial sector - 2015" published by the European Environment Agency and from the message on the homepage of the official E-PRTR website which says: 'Attention: No data available for Italy for the year 2015. Data was not reported by the required deadline.'

Could the Commission provide information, assessments and/or reports with reference to:

- Articles 15 and 16 of Directive 2001/80/EC,
- and Articles 1, 7, 8(3), 10(2) and 20 of Regulation (EC) No 166/2006?
