

**Question for written answer E-006467/2017
to the Commission**
Rule 130
Doru-Claudian Frunzuliță (S&D)

Subject: The role of digitalisation in spurring economic growth and jobs

The Digital Agenda, one of the seven pillars of the Europe 2020 strategy, introduces digital services to consumers and companies as a key to economic development.

How is the Commission reinforcing research and development in the digitalisation field with a view to connecting the digital economy to existing economic sectors?
