Subject: Blockchains for Social Good prize

The Commission is seeking submissions for a new blockchain development contest with a EUR 5 million top prize. Any legal person or entity can submit entries to the contest, regardless of whether they are based in the EU or not.

1. Will Parliament be able to scrutinise the contest, both during and after?
2. Why is the competition not limited to European legal persons or entities?
3. Will use of the prize money be subject to conditions and scrutiny?
