Subject: Western Sahara and EU air cargo

According to data from Eurostat, 164 tonnes of air cargo arrived at Gran Canaria Airport, Las Palmas, from Laayoune Airport in Western Sahara in 2014. There is no publicly available Eurostat data for 2015 and 2016.

According to the data available to the Commission, what was the volume of air cargo between EU Member States' and Western Saharan airports in each year in 2015, 2016 and 2017 respectively?
