Subject: EU funding received by autonomous communities

Further to my questions E-006631/2016 and E-004401/2017, and to monitor the implementation rate of European funds in my community, could the Commission report the quantities allocated and the implementation rate in the different autonomous communities and cities (individually) of the European funds for the current programming period, detailing the amounts involved in cohesion policy (less developed regions, transition regions, more developed regions, outermost regions, European Territorial Cooperation, Youth Employment Initiative, European Regional Development Fund, Fund for European Aid to the Most Deprived and adjustments), the common agricultural policy (direct payments and European Rural Development Fund), the European Maritime and Fisheries Fund and the European Social Fund?
