

Question for written answer E-002568/2018
to the Commission
Rule 130
Alfred Sant (S&D)

Subject: Projection of human resources required in relation to the Commission proposal on Health Technology Assessment

Health Technology Assessment (HTA) requires not only financial resources but also human resources. Following its legislative proposal on the matter, can the Commission provide an estimate of the number of people needed in each country to complete an assessment?
